

Bush Tyres awarded accredited centre status-

Bush Tyres Scunthorpe depot has been awarded the status of "Accredited Centre" as part of Bridgestone's First Stop retail quality program. The accreditation is awarded to recognise exceptional performance in the areas of customer service, technical capability and depot appearance.

The First Stop quality programme has been running since 2004 and has been very successful in raising the standards of service within the industry.

Bridgestone's Marketing Director Andy Dingley commented "The First Stop network demands the very highest standards of it's members and it's encouraging that Bush Tyres were so committed to achieving this accreditation".

BA Bush becomes certified run-flat dealer

BA Bush is delighted to announce that the company has been awarded Run-Flat Certification by Bridgestone after completing an extensive training programme in all it depots.

BA Bush full certification provides additional reassurance to you, our customer. We have specialist trained mechanics that are now fully qualified to advise you on the use of run flats for your vehicle. Staff are also fully trained in how to fit run flats, assess damaged tyres and to repair and remount tyres on site.

Please feel free to come in and see us and speak to a trained mechanics on the use of run-flats on your car. We look forward to welcoming you.
